Producing Animation is your answer. Written by Catherine Winder and Zahra Dowlatabadi and edited by Tracey Miller-Zarneke, Producing Animation is a comprehensive guide to the production industry. Already a relied upon resource by professionals and students alike, this book covers the process from script to screen while defining the role of the producer at each phase. The second edition features new content such as sidebars on key topics from industry experts, discussions on CG, 2D and stereoscopic production processes, and an overview on marketing and distributing your project. The companion website provides access to sample tables, templates and workflow outlines for CG and 2D animation production.
