The Home Depot was founded in 1978 by Bernie Marcus, Arthur Blank, Ron Brill, and Pat Farrah. The Home Depot's proposition was to build home-improvement warehouses, larger than any of their competitors' facilities.

“Bernie and I founded The Home Depot with a special vision -- to create a company that would keep alive the values that were important to us. Values like respect among all people, excellent customer service and giving back to communities and society.”

BUT what if The Home Depot is a fanatical cult? Todd Van Buskirk explores this possibility by appropriating the Wikipedia article on cults, and replacing all references to "cult" with the words "Home Depot." The result is a chilling story of terror on big corporation ritual abuse upon the psych and health of mankind.
