The Love Seat

Sherise Seven

The Love Seat Sherise Seven

Denise Hughes can't stand the way her husband chews. Or the way he sits with his belly fat oozing over his belt. Or the air whistling past his nostril hair.

John Hughes can't believe his wife has turned from a sweet, happy young woman, to a scathing, foul mouthed, khaki wearing PTA mom.

The only thing they still have in common is planning their divorce. During a shopping spree that was meant to ruin John's credit, Denise acquires a most unusual love seat that has the potential to show them both that the love they once had is still there.

Fifty percent of marriages fail. It's a depressing fact about our society. Love doesn't last. Love stinks. It slices and dices you to pieces, leaving you in the rotting compost pile of life.

What if changing one tiny piece of people's perspectives could make it possible to salvage thousands of marriages? What if the original love, lust and excitement was actually still there? Buried beneath the banana peels, apple cores and coffee grounds?

Eventually John and Denise realize that while they are seated on this love seat, they feel that initial love they once knew. The suddenly in love again couple must learn how to conduct their day to day life on this small love seat. Managing work, kids and in-laws from the love seat creates some interesting, awkward, and highly comical situations for them.

Could this slightly magical love seat be the catalyst to changing their perspective about each other? About love? Perhaps.. except the Love Seat doesn't remain in their lives long enough for them to find out. What will happen to the couple who regained their love only to lose it all again?

From reader reviews:

Doris Edwards:

Nowadays reading books become more and more than want or need but also turn into a life style. This reading addiction give you lot of advantages. Advantages you got of course the knowledge the actual information inside the book this improve your knowledge and information. The information you get based on what kind of e-book you read, if you want get more knowledge just go with education and learning books but if you want truly feel happy read one with theme for entertaining for example comic or novel. Typically the The Love Seat is kind of reserve which is giving the reader unpredictable experience.

Shirley Frazier:

Often the book The Love Seat will bring you to the new experience of reading the book. The author style to describe the idea is very unique. If you try to find new book to read, this book very suitable to you. The book The Love Seat is much recommended to you to learn. You can also get the e-book from the official web site, so you can quicker to read the book.

Constance Music:

The book The Love Seat has a lot associated with on it. So when you check out this book you can get a lot of profit. The book was published by the very famous author. The writer makes some research prior to write this book. That book very easy to read you can find the point easily after reading this article book.

Michael Beebe:

Many people spending their moment by playing outside along with friends, fun activity using family or just watching TV the entire day. You can have new activity to shell out your whole day by examining a book. Ugh, do you think reading a book can really hard because you have to use the book everywhere? It fine you can have the e-book, getting everywhere you want in your Mobile phone. Like The Love Seat which is keeping the e-book version. So , try out this book? Let's notice.
