Peer Pressure Brad Troemel

Peer Pressure is a collection of essays previously published online between 2010 and 2011. In the author's words, "each essay is an impassioned description or prescription to understand the digital space we inhabit differently." Most of these writings have been highly influential for the (relatively) small community the author addresses, eliciting many heated debates. The texts idealistically address creative platforms, image aggregators, relational practices, internet memes and much more. Brad Troemel makes and writes about art on the internet. His writing has been featured in magazines and books. His art has been featured in galleries and sometimes even museums. He has earned two degrees from prestigious American art schools. He currently lives in a city full of diverse cultures and complicated intellectuals. Friend request or e-mail him, he'd be happy to talk to you. <http://bradtroemel.com/>
