## **Managerial Accounting 2015 Edition** Dr. Larry M. Walther

This Managerial Accounting book covers a range of managerial and cost accounting topics related to planning, directing, and controlling functions. Costing methods, operating and capital budgets, tools for analysis, performance evaluation, decision-making processes, and reporting techniques are all covered in depth. This material is customary for most managerial accounting courses, and is foundational for all accountants and business people. The writing approach reflects a careful blend of concepts and practice. Great care was taken to construct a seamless presentation flowing along a continuous thought process. The accompanying website includes numerous free supplements including streaming video lectures, power point presentations, sample problems with solutions, case studies and an interactive glossary.
