## **The Externals Of The Catholic Church** Fr. John F Sullivan

Ever wonder why Catholics do the things they do? Ever wonder just why a Catholic is different from others in their Church and their worship? This book from last century goes into detail about the structure of the Catholic church, the relation of Pope, Bishops and Cardinals. Then a discussion of the religious orders, monasteries and convents. The ceremonies of the various Sacraments are carefully explained. This is followed by the Sacramentals of the Church, such as the Sign of the Cross, Palms, Incense and Religious Medals. The three major liturgical books used by priests, the Missal, Breviary and Ritual are described. This is followed by a section covering miscellaneous subjects, such as the marriage laws of the Church, fasting and abstinence. "From Apostolic times Friday has been a day of abstinence, and the reason is obvious to every Christian. Our Blessed Redeemer died on that day for our sins,..." This is the reason Catholics are 'fish-eaters'. St. Alphonsus writes: "a single bad book will be sufficient to cause the destruction of a monastery." Pope Pius XII wrote in 1947 at the beatification of Blessed Maria Goretti: "There rises to Our lips the cry of the Saviour: 'Woe to the world because of scandals!' (Matthew 18:7). Woe to those who consciously and deliberately spread corruption-in novels, newspapers, magazines, theaters, films, in a world of immodesty!" We at St. Pius X Press are calling for a crusade of good books. We want to restore 1,000 old Catholic books to the market. We ask for your assistance and prayers. This book is a photographic reprint of the original. The original has been inspected and many imperfections in the existing copy have been corrected. At Saint Pius X Press our goal is to remain faithful to the original in both photographic reproductions and in textual reproductions that are reprinted. Photographic reproductions are given a page by page inspection, whereas textual reproductions are proofread to correct any errors in reproduction.
