A menacing menagerie of dragons for your **D&D**® campaign

*Draconomicon 2: Metallic Dragons* describes several varieties of dragons, including gold, silver, copper, iron, and adamantite dragons. It also introduces several other kinds of metallic dragons suitable for any **D&D** campaign.

This supplement presents dragons both malevolent and benign, and gives details on each dragon's powers, tactics, myths, lairs, servitors, and more. In addition, this book provides new information about draconic nations and organizations, and the roles that metallic dragons fill in a **D&D** game. Story and campaign elements in the book give Dungeon Masters ready-to-play material that is easily incorporated into a game, including adventure hooks, quests, and pregenerated treasure hoards.
