The Wolf's Story: What Really Happened to Little Red Riding Hood TOBY FORWARD
Little readers will love second-guessing this funny, fractured fairy tale that replays the story of Little Red Riding Hood from the poor maligned wolf's point of view.

No, please. Look at me.

Would I LIE to you?

It was the old woman who started it.

Everyone knows there are at least two sides to every story, and if you believe in the big-eared, sharp-toothed villain of LITTLE RED RIDING HOOD, there's a logical explanation for everything. As our antihero tells it, it all starts with the helpful wolf doing odd jobs for Grandma (are you sure you don't want to sit a little closer?). How was he to know that he spoiled Little Red would come along and ruin a good working relationship? Zooming in dramatically from strategic angles, the amusing illustrations offer visual clues that this is a story to be taken with a grain of salt - and a lot of giggling.
