## **The Dramaturges of Yan** John Brunner

Del Rey / Ballantine, paperback, 1982. A lesser known Brunner work, first published in 1972. A dramaturge is an artist in dramatic presentation... and whoever had built the prehistoric artifacts on Yan had known the art of dramaturgy well. Studying these astonishing objects has the sole reason for the tiny human colony there. The humanoid natives did not seem to care. It was not until the galaxy's greatest dramaturge, Chart, and his theatrical company arrived with the intent of putting on one of his spectacular planet-wide celestial shows that the Yanfolk stirred from their indifference.
