Who are the American Nazis - the Liberals or the Conservatives? Adolf Hitler was a self-styled messiah, preaching a faith. He came from out the Germanic woods like the fabled Siegfried to rescue his people from world domination. World War I and Adolf Hitler's experiences as a soldier played a key role in shaping his radical personality and moral judgments. Everything that confronts us today in our political debate is and was debated in Mein Kampf. Analysing Adolf Hitler has certainly been an experience. Unfortunately, there he was and here he is today, in all of our arguments, in our politics, in our religions, in our military attitudes, and in our moral judgments. These are facts which I think we should all be aware of and keep in view as we make our decisions and policies in the future.
