The updated Third Edition of this manual is a comprehensive self-assessment review of ophthalmology and a valuable study aid for any ophthalmologist or ophthalmologist-in-training. It contains over 3,000 true/false, matching, and multiple-choice questions covering the entire field of ophthalmology, including the subspecialties. Answers are provided along with brief explanations and extensive references.

Several hundred new questions have been added to this new edition, with significantly updated content and revised, expanded explanations. Two new chapters cover General Medicine and International Ophthalmology. This edition also includes more than 100 full-color photographs depicting ocular pathology and ophthalmic conditions.
