The Thrown Away post-apocalyptic saga continues...

Jack is surprised when his imprisonment at the hands of the Junkers is cut short. Instead of keeping him locked up, as he expected them to do for a long time, they offer him a job.

The job means hunting down something that they haven't been able to find and they believe he, with his talent for locating things, is what they need.

But the item they want him to recover is tech from the old world. What do the junkers need it for? What are the motivations of their strange leader? Is it dangerous? Maybe some things are best left hidden?
