The Brain, Education, and the Competitive Edge

Geoffrey Caine, Renate Nummela Caine

The Brain, Education, and the Competitive Edge Geoffrey Caine, Renate Nummela Caine

This book explains how traditional teaching, testing and schooling developed. It describes a more powerful approach to education that engages student brains much more effectively. It shows how great schools and ordinary people from around the world use this 'guided experience' approach. And it explains why public education resists change, no matter what research proves.
