The Story of God: A Narrative Theology

Michael Lodahl

The Story of God: A Narrative Theology Michael Lodahl

Since its publication in 1994, *The Story of God* has played an important role in implementing and advancing the study of narrative theology. One of the first books to formulate and examine Wesleyan theology using the Bible's overarching story, it continues to serve as a popular text in colleges and universities and as a reliable resource for ministers and theologians. Unlike other books, which use a topical or systematic approach to understanding theology, *The Story of God* uses the flesh-and-blood stories of the Bible to help readers see the complete picture of God's love for the world and in doing so, gain a better understanding and appreciation for the Christian faith. Updated and revised to include current language and ideologies, this new edition provides readers with an even more engaging and accessible introduction to Christian theology. Drawing from Scripture, everyday experience, and contemporary reflection, Michael Lodahl weaves together the stories and themes of the Bible to present a compelling picture of the grand story of God and the amazing love He has for His people.
