That which is: A book on reality Alfred Aiken

Whatever this volume may mean to one depends wholly upon himself. If one reads it and gets nothing, he will be no worse off than when he picked it up. If it unfolds something of One's Self that is fresh, challenging, inspiring, it is because he has been truthful with that Self. The Truth intends to be neither offensive nor defensive, proselyting nor apologetic. Its sole intention is to state Its point of view as clearly and irrefutably as possible. All or any are free to accept or reject It. If the statement is Truth, neither acceptance nor rejection will alter it." -from the book
