You CAN Create the Life You Desire, Step-by-Step, Starting Right Now ~ Here's How

I wrote this book to help you create the life of your dreams. The Einstein Principle provides key insights I have found, the very same insights I have used in psychic readings to help other thousands of people around the globe transform their lives.

It does not matter where you are in life right now or what job you have. The only thing that matters is that you have a genuine desire to make your life better. As long as you have that, you can create positive, dynamic, real change in your life. We will start with your particular goal or dream. It could be to have a better career, to become a more loving spouse, to create a bigger balance in your bank account. Our conversation will touch on all of these and other areas in life, giving us a better understanding of what true wealth actually is, and how that knowledge will help turn your dreams into your reality.

From this point on, you and I are going to begin a discussion that will, with a little effort, change your life. Through our time together, we will walk through what I have learned. Each principle or lesson is illustrated with a real case file from my 20,000 + psychic readings. Each chapter is a step up and forward to creating a life born of your desires, every one of them integral to creating true wealth and prosperity.

As long as you remain true to your desire to create a better life, then there are no limits to what you will achieve. Let's get started...
