Verbal Poker Tells Zachary Elwood

Verbal Poker Tells is the follow-up to Zachary Elwood's acclaimed book *Reading Poker Tells*.

When poker players talk, they sometimes reveal information about their hands. *Verbal Poker Tells* describes the most common and reliable verbal patterns poker players have. More importantly, it gives you a framework for thinking about and analyzing verbal behavior at the poker table. The author analyzes many real poker hands: some from televised poker shows such as *The World Series of Poker*, *Poker After Dark*, and *High Stakes Poker*, some played by the author, and some submitted by other players.
