All Men Are Liars Manguel, Alberto Manguel

Where can you find truth in a world that is so thoroughly ruled by lies? That is the question tackled by the investigation of a French journalist who endeavours to shed light on the enigma of an unexplained death: that of the brilliant South American writer Alejandro Bevilacqua, found lying on his balcony floor in Madrid in the mid-1970s. The few accounts of those who knew the deceased - including those of his last lover, a former fellow prison inmate, a sworn enemy and even the author Alberto Manguel himself - are contradictory and unreliable. Poor devil and with a troubled childhood, literary genius and irresistible seducer, ordinary bastard masquerading as hero, pure and simple impostor - those are but a few of the roles attributed to a mysterious and captivating figure in this tribute to falsehood, between the lines of which the reader must discover the only worthwhile truth: that of the fascinating homage Alberto Manguel pays to literature and its shapeshifting inventions, in which the objects of our desires are infinitely reincarnated.
