**The Beginning: Let there be light (Evidence of Faith Book 2)** Michael L. Dourson

“Some people, in order to discover God, read books[the Bible]. But there is a great book: the very appearance of created things. Look above you! Look below you! Note it. Read it.” (St. Augustine, 354-430)

In the spirit of Saint Augustine, prominent toxicologist Michael Dourson has dedicated himself to demonstrating that nature and the bible are in accord. In this, his second book in the Evidence of Faith series, he boldly tackles the creation of the world. Dr. Dourson does the seemingly impossible, demonstrating that the big bang theory and Genesis tell the same story and that evolution exists alongside Eve as the mother of humanity.
