The body of Hannah White, a flirtatious seventeenyearold, is found in a shallow grave outside a small town in Maine. There are no suspects and very little evidence. Still, game warden Sam Morse searches for her killer with the help of his college chum, who's making a reality Tv show about the Maine Warden's Service. Their trail leads them to Dynamite MacKenzie, a fearless female logger, who apparently recruited Hannah to join an ecoterrorist group called "Save the Forest." Dynamite is the first lead Morse has had, so he's not letting her out of his sight anytime soon. However, the better he gets to know her, the more he doubts she's the killer. Carve out some time because you are not going to be able to put this down! The characters will feel like friends by the time you finish. Dr. Jennifer Gray, Associate Professor of English, Director, Writing Center, College of Coastal Georgia
