Art of Cycling: Staying Safe On Urban Streets Robert Hurst

The bicyclist is under attack from all directions - the streets are ragged, the air is poison, and the drivers are angry. As if that weren't enough, the American cyclist must carry the weight of history along on every ride.

After a brief heyday at the turn of the twentieth century, American cyclists fell out of the social consciousness, becoming an afterthought when our cities were planned and built. Cyclists today are left to navigate through a hard and unsympathetic world that was not made for them. Yet, with the proper attitude and a bit of knowledge, cyclists can thrive in this hostile environment.

Covering much more than just riding a bike in traffic, author Robert Hurst paints, in uncanny detail, the challenges, strategies, and art of riding a bike on America's modern streets and roadways. **The Art of Cycling** dismantles the bicycling experience and slides it under the microscope, piece by piece. Its primary concern is safety, but this book goes well beyond the usual tips and how-to, diving in to the realms of history, psychology, sociology, and economics.

Annie Rose:

As a college student exactly feel bored for you to reading. If their teacher expected them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's soul or real their hobby. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring in addition to can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Art of Cycling: Staying Safe On Urban Streets can make you sense more
