The Militant South, 1800-1861 John Hope Franklin

In "The Militant South, 1800-1861", John Hope Franklin identifies the factors and causes of the South's festering propensity for aggression that contributed to the outbreak of the Civil War in 1861. Franklin asserts that the South was dominated by militant white men who resorted to violence in the face of social, personal, or political conflict. Fueled by their defense of slavery and a persistent desire to keep the North out of their affairs, Southerners adopted a vicious bellicosity that intensified as war drew nearer. Drawing from Southern newspapers, government archives, memoirs, letters, and firsthand accounts, Franklin masterfully details the sources and consequences of antebellum aggression in the South. First published in 1956, this classic volume is an enduring and impeccably researched contribution to Southern history. This paperback edition features a new preface in which the author discusses controversial responses to the book.
