## **Therapeutic Hypnosis with Children and Adolescents: Second edition** Laurence Sugarman

In this completely revised, updated and expanded volume, the editors have brought together some of the field's most outstanding contributors to examine the wide-ranging applications and promise of the use of hypnosis with children. The book develops core principles of clinical hypnosis with children and adolescents and each contributor delineates how they apply these precepts in a range of psychological and medical settings. The result is a constellation of perspectives and clinical applications that move the reader beyond literature review to practical advice.
