Signal to Noise

Neil Gaiman, Dave McKean, Dave McKean

Signal to Noise Neil Gaiman, Dave McKean, Dave McKean

Originally serialized in *The Face*, *Signal to Noise* is the story of a film director dying of cancer. His life's crowning achievement, his greatest film, would have told the story of a European village as the last hour of 999 A.D. approached -- the midnight that the villagers were convinced would bring with it Armageddon. Now that story will never be told. But he's still working it out in his head, making a film that no one will ever see. No one but us.

Signal to Noise is a poignant story, rich in humanity, depth, and communications theory. A beautifully designed and printed book, showcasing McKean's stunning artwork and Gaiman's story, *Signal to Noise* will make you re-evaluate your thinking about the potential of the medium and a book you will be proud to share with your friends. They will thank you for it!
