Stink It Up: Imagine how animals might view the ways of humans Jonathan Luce

Stink It Up is a thought-provoking satire, with an inspirational twist. Picture in your mind the comedic way in which a skunk and an owl might perceive the social and political wranglings of uptighters (the humans). Punksmeller and Hornowlette, a lowearther and midearther, delve into the mysterious ways of the uptighters. As they closely look at the lives of these strange and bewildering creatures, they have a revelation that seems to confound both of them.
